

Foundation of the NFC Competence Centre

NFC interest has increased hugely in the last year, with pioneering projects in the events sector, the automotive industry or in the area of local public transport, from 1.6.2013 *smart-TEC* will develop an interface between the individual departments of the RATHGEBER Group, under the management of Mr. Andreas Schlaudraff, in the form of an "NFC Competence Centre". The goal will be to extend existing labelling products by adding NFC functionalities, as well as developing new products that are not yet available on the market.

About *smart-TEC*:

smart-TEC GmbH & Co. KG is a company belonging to the RATHGEBER Group in Oberhaching near Munich. For more than 10 years, it has been developing and manufacturing customer-specific RFID transponders. It offers products ranging from self-adhesive, printed RFID and NFC labels to robust, long-life weather- and temperature-resistant RFID transponders for the industrial sector. The majority of the RFID transponders are certified for use in explosion hazard environments. *smart-TEC* also offers comprehensive project support in cooperation with system partners.

Our core competencies:

- Robust, durable, industry-compliant, weather- and temperature-resistant RFID and NFC transponders - including for explosion hazard environments
- Customer-specific RFID and NFC labels, printed or blank, with the most varied of chip technologies, frequency ranges and forgery- and tamper-proof features
- Comprehensive NFC expertise at our NFC Competence Centre
- Competent project consultation and support
